

TOTAL WELDING SOLUTIONS

GOLDARC RS500

GOLD
ARC
RS500

DC

● Heavy Industrial

Specification :

Fabrication operations that know stick welding trust the powerful 500amps that the 500 stick welder puts out and appreciate its smooth consistent arc. The RS500 power source can weld on a wide variety of materials and is also great for showing off your arc gouging skills.

ADVANTAGES OF WIM

- Smooth, consistent arc.
- Easy to set calibrated output knob.
- Traditional design for demanding industrial environments.
- Conserve floor space with stackable case design.
- All weather protection for field construction.
- Fan-cooled for extra thermal protection.
- 2 years limited warranty.

TYPICAL USAGE:-

- Fabric plate work
- Metal tank
- Farms
- Construction
- Metalwork
- Steel building erection

WELDS:-

- Steel
- Stainless Steel
- Cast Iron

Technical Characteristics		GOLDARC RS500
Primary Supply	50/60 Hz	415
Rated Input Current	A	45
Welding Amp Range	A	45 – 450
Max. Open Circuit Voltage	V	75
Duty Cycle 60%		400
KW		19.4
Weight	Kg	350
Dimension (WxLxH)	mm	585 x 900 x 735
